Портфолио Электронные замки Tenon

A white door with a black handle and a black lock mechanism, set against a wooden background. The door is framed by a white border. The handle is a long, black, rectangular pull. The lock mechanism is a black, rectangular, vertical device mounted on the right side of the door. The background is a wall of horizontal wooden planks.

Модель замка: Tenon A5

A rose gold-colored door with a modern, minimalist design. The door features a large rectangular panel in the center, framed by a thin, recessed border. To the left of this panel is a vertical handle and a small, square, black lock mechanism. The door is set in a white wall, and the floor is a light-colored, textured material. The lock mechanism is a Tenon A9x model, which is a high-security lock system. The door has a sleek, metallic finish and a clean, professional appearance.
